OBJECTIVE

Aspiring AI and technology enthusiast with a strong academic background in Computer Engineering (9.5 CGPA in Diploma) and a passion for coding, problem-solving, and continuous learning. Interested in AI, Web Development, and Cloud Computing, with a focus on building practical, real-world projects. A curious learner and passionate coder, seeking opportunities to enhance skills, gain hands-on experience, and contribute effectively in a dynamic environment.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering (CSE), 08/2025 – 2028
Gayatri Vidya Parishad College of Engineering (GVPC), Visakhapatnam
CGPA: 8.45 / 10

Diploma in Computer Engineering, Aditya Polytechnic College, Kakinada 08/2022 – 05/2025
CGPA: 9.5 / 10

Secondary Education, Zilla Parishad Girl High School, Nidadavole 07/2021 – 05/2022
Percentage: 88.66%

SKILLS

Programming Python, JavaScript	Web Technologies HTML, CSS, React.js
AI / ML Machine Learning Basics, Embeddings	Core CS Database Management Systems, Operating Systems
Cloud Computing	

PROJECTS

StudyMate AI, Streamlit-based AI application that processes uploaded documents, generates embeddings, and enables semantic search using LLMs (Granite or local models) to help users effectively query and learn from study materials.

WhatsApp Automation,
Developed Python-based automation using libraries to send and manage WhatsApp messages efficiently.

Web Development Projects, Designed and developed dynamic, responsive web applications including McDonald's Dynamic Website, Maya Website, and a personal portfolio website using HTML, CSS, JavaScript, and React.js.

Quiz Game, Built a Quiz Game using Python (Tkinter) with interactive MCQs, real-time answer validation, and score tracking. Designed a simple GUI and implemented logic for user input handling and result display.

CERTIFICATIONS

- AWS Academy Graduate (AWS)
- Cloud Computing Course - Corizo (In Progress)
